

Saint Paul's Journey

Meeting with parents - 13 September 2018

This was the first meeting with parents of the new school year; Miss Woods and Miss Donna M were also present.

Diary dates for the future

We will give good notice of all future dates and meetings – these will be in the newsletter every week.

Progress into secondary school

The school website has links which lead to the websites all local secondary schools. There is a noticeboard in the school with details and information about a number of schools; Miss Donna M and Miss Linda are ready to help with the forms; Miss Woods, Miss Crannitch and Mrs Gadd will be glad to talk to parents about school choices.

Behaviour and uniform

School is making big push on behaviour – The school value of Respect must be shown at all times and all levels – senior leaders, teachers, teaching assistants, other staff and pupils. And we look for Pride in behaviour and dress.

Should we have a school backpack in school colours?

Parents said that there was a new attitude and children were looking forward to coming to school in the morning. The school is working hard on lateness.

Homework and reading

Following the questionnaire to parents in July, we are working on having a consistent homework and reading policy throughout the school, we will ask parents about this at all future meetings.

Teaching and learning

Following the OFSTED report, we are organising our school work in accordance with our 'Post OFSTED Action Plan' (the POAP) and we are well supported by LB Southwark and the Diocese. The Council have given us some £25,000 worth of support – literacy and curriculum support etc – to help us ensure that our teaching becomes and remains consistently good throughout the school.
