

Information for parents on remote learning September 2020

When working remotely from home the expectation will be that a minimum of 2 weeks of learning will be provided remotely that continues our provision that we have in school. This will be in the event of another lockdown and/or bubble closure.

Year 1-6

- A live reading of a story with a re-read with questions for discussion.
- Two live lessons via Microsoft teams a day (record this for access at other points) for Maths and English each day. In KS1 please do a daily phonics lesson before your English lesson as this will help children to apply their phonics skills.
- Daily tasks using White Rose Maths booklets with links to Home Learning Videos on Microsoft teams.
- My Maths for Year 1-6 and SPAG for KS2 as needed.
- Weekly tasks for Capital and Culture, Science and Computing, Well-Being and RE. Art and/or Music will be set every other week for each class.
- Daily physical activity for all children

Example learning across the week for Year 1-6

Mon	Tues	Wed	Thurs	Fri
Reading aloud by teacher	Reading aloud by teacher	Reading aloud by teacher	Reading aloud by teacher	Reading aloud by teacher
Live lessons – Maths and English (KS1 phonics before English)	Live lessons – Maths and English (KS1 phonics before English)	Live lessons – Maths and English (KS1 phonics before English)	Live lessons– Maths and English (KS1 phonics before English)	Live lessons – Maths and English (KS1 phonics before English)

EYFS

- A live reading of a story with a re-read with questions for the children to discuss with their carer. TYP.
- A live phonics lesson via Microsoft team each day (record this for access at other points)
- 4 tasks daily linked the EYFS areas of learning.

During remote learning sessions via Microsoft Teams the children will only be in contact with other children in the class and the adults in their class. When using MyMaths and SPAG.com the children will only be able to interact their teacher via the message function. Microsoft Teams will be set up for class bubble access only. The Senior Leadership Team will also be able to access class teams for monitoring purposes.
